

To who this may concern,

I have worked with Sana for the past 18 months on our completed residential building projects. I have found Sana to be punctual on all appointments, presents very well on site and gets positive feedback from all associated clients.

Sana will take the time to do a detailed quote for each job and given all site conditions will honor that price.

Sana and her hardworking team always leave the job immaculate and make us proud as builders of what we have built and really showcase every detail.

It is a pleasure to work with Sana and we will definately use their service for our future projects.

Kind Regards
